The project will resume once they complete orientation, then once completed, HRRJ staff will begin transferring inmates from Housing Unit 3 to Housing Unit 2. She reported six trainees are attending the academy and will graduate April 5, 2022.
 - Lisa Lucas-Burke – Asked if hospital watches meant HRRJ officers are onsite at the hospital.

Mental Health Grant

- Brianna Rogers – Reported 76 CORE participants, 10 referrals received for the month and nine were accepted. She reported Chesapeake Community Service Board (CSB) is coming onsite, Portsmouth CSB is onsite daily, and the other jurisdictions are seeing their inmates virtually. She reported the department has partnered with National Alliance of Mental Illnesses of Coastal Virginia (NAMI) to provide further therapeutic resources in the community to include free virtual peer led and family support groups. She stated they have also partnered with Newport News Sheriff's Office to ensure inmates prior to release can speak with a case manager to express their needs upon releases. Tidewater Community College offers a job skills training program. Ms. Rogers reported on the aftercare statistics: Hampton/Newport News CSB had a total of four inmates receiving program services that were released, none appeared to their first behavioral health appointment, and three received services as a results of Forensic Discharge Planning support. Norfolk, Portsmouth, and Chesapeake did not have any inmates enrolled in CORE that were discharged.

HRRJ Quarterly C.O.R.E Program Report (Quarterly 1/1-3/31)

- Total number of CORE participants: 89
- Total of referrals for the quarter that were received: 71
- Total of the referrals that were accepted for the quarter: 55

C.O.R.E Quarterly Update

- During this quarter CORE focused on community outreach through establishing partnership and collaboration with Hampton Roads Community Health Clinic with assistance for applying or re-establishing Medicaid with individuals prior to release. Moreover, we were able to connect with an establishment that assist in pardons upon release and working with the judicial court system.
- CORE has been able to collaborate with Re-Entry councils amongst each jurisdiction in order to share in resources with the cities served covered on the grant. In doing so we have been able to refer inmates in this quarter to Newport News Re-entry that have been released to that jurisdiction for further assistance with the goals to do the same upon release to other jurisdictions to include Norfolk, Hampton, Portsmouth and Chesapeake. On these Re-entry meetings CORE staff focus on creating stabilization upon release to include housing, employment resources and securing benefits.
- CORE recently attended the Hampton Roads Job Fair and in doing so we were able to connect with over 10 employers that were willing to hire individuals upon release to include Wanchese, Richmond Traffic Control, Hampton Roads Connector, Didlake, Nansemond Lawn & Garden, Old Dominion Jobs Corps, St. Tissue, Purdue, McDonalds franchises based in Hampton, Wal-Mart distribution Center and CTR Group. All of the above focus on various trades, customer service and operations.
- CORE has been successful in assisting jail security and staff with quick turn-around for placement of SMI individuals upon release by consistently collaborating with the local community service boards Forensic Discharge planners and establishing a rapport of commitment, along with reaching out to other resources in the community. Our Certified Peer Support specialists conducted over 640 hours of evidence based services to the CORE participants in the jail and our Clinical Therapist and Program Administrator through the city of Portsmouth assisted in 8 granted TDO's during this quarter.

C.O.R.E Successes 3rd Quarter

Community Oriented Re-Entry Program

Third Quarter- GAME PLAN

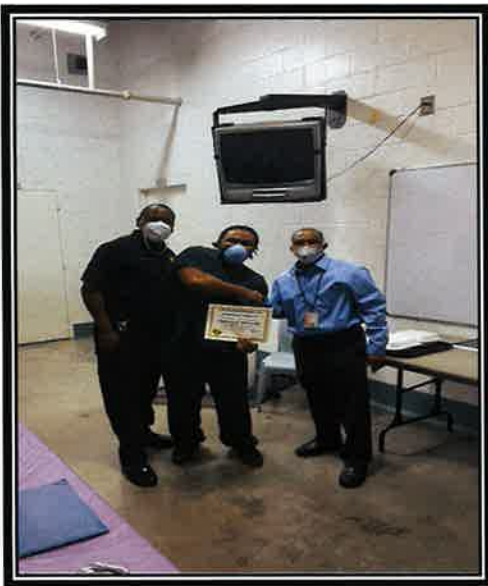

Three inmates successfully graduate from our evidence-based group Seeking Safety facilitated by Clinical Therapist Ms. Lee and Certified Peer Recovery Specialist Ms. Lane.

Even through the pandemic, the 10-week class was a success and within the last 2 weeks, the three inmates conducted all their homework in the Pod as the Peer and Therapist went around for additional support.

Feedback from C.O.R.E Successors TOUCHDOWN!

"I never thought that I could change my ways coming from where I am from but the love and support, I received through this program really helped me to relate from the street life to who I really am and learn my identity through coping skills to make better decisions." - N. Edwards

"I appreciated every moment. Even though I have a life on the outside and children, I realized I am no good to anybody if I am not actively working on bettering myself. I never thought I would be in this place. I worked a 70,000 paying job annually and I let stress and substance get the better of me. When I say I am never coming back, you don't ever have to worry about seeing me again. I appreciate all of you. Thank you so much. -K. Muhammed.

Seeking Safety: “Attaining safety from Trauma (including PTSD) and Substance abuse by emphasizing coping skills, grounding techniques and education.” - END AROUND!

Both ladies upon successfully completing the C.O.R.E program have been released and are residing at home with their families. Due to CORE 30,60,90-day Post-Release follow-up. - WE RUN INTERFERENCE!

"I appreciate having a woman be able to teach me and be patient with me and allow me to express myself." -M. Fernandez testimonial

Thank you -Score!

We are only as successful as the work that we put in as well as what we get out! Thankful for each C.O.R.E Staff member and proud of the population that we serve here at Hampton Roads Regional Jail. - B. Rogers Program Manager
